WORK EXPERIENCE

Product Designer

Addnectar Solution, AddupCommerce Team
DEC 2025 - PRESENT (ONSITE)

Designed a B2B marketplace experience for suppliers, distributors, and apparel decorators, defining information architecture, role-based workflows, and scalable interfaces that simplify complex commerce operations for non-technical users.

Addnectar Solution, Sales OS Team
MAR 2026 - MAY 2026 (ONSITE)

Designed a 2D and 3D product customization experience that enables buyers to personalize products with logos, artwork, text, colors, and print areas before placing marketplace orders.

Addnectar Solution, AddLedger Team
JUNE 2026 (ONSITE)

Designed the AddLedger website from the ground up, creating the information architecture, UX copy, design system, and responsive user experience to communicate bookkeeping and accounting solutions for businesses.

UIUX | Product Designers

Office Solutions, Load Testing Tool for Power BI
AUG 2024 - SEP 2024 (REMOTE/HYBRID)

Designed the interface for a Microsoft-certified automated load testing solution to identify and resolve dashboard performance bottlenecks. Enabled a 40% improvement in load test efficiency through optimized UX patterns.

Office Solutions, Decision Pulse AI - Strategic Analysis Platform
DEC 2024 - MAR 2025 (REMOTE / HYBRID)

Designed an interactive decision-support platform integrating MECE, Porter's Five Forces, and PESTEL frameworks for executive-level strategic planning.and created responsive, cross-platform UI designs for both web and desktop, ensuring accessibility and ease of use.

Office Solutions, Pulse QA - Automated Testing Platform
MAR 2025 - MAY 2025 (REMOTE / HYBRID)

Created an easy-to-use interface for a Power BI and analytics QA automation. And designed dashboards for tracking test runs, error rates, and performance metrics or Integrated user feedback loops, improving bug detection accuracy by 20%.
